Fishing Report

My Story

This lake can be one of the MOST memorable experiences of your life. However, this occurs about 4 of the 365 days a year. However, there are ways of bettering your odds: Look at the wind conditions a breeze above 5 mph will ruin the day, also, check with local fly shops, and ask them about any hatches, fly-fishing during a hatch can be great! The only flies I've found to work are: beadhead nymphs, midges, damselflies, and the ever-prevalent mosquito. Good luck!
