My Story

Out fished him again... he was giving me a run for the money though and having a blast doing it. He caught the catfish and it was so big for him he couldn't get it in.. i had to reel it the rest of the way in. I caught 2 white perch the same size in different spots when tide was just starting to come back in. 10 to 14 inches of water. Water temp was 70 - 75ish Nice bright sunny weather till late after noon when clouds started to roll in. slight 10-15 mph breeze brackish brown water.
